

**General Notes**

- DO NOT SCALE THIS DRAWING (printed or electronic versions).
- Contractors must check all dimensions from site.
- This drawing is copyright and for use on this site only.
- All work is to be carried out in compliance with the latest British Standards and Codes of Practice unless specifically directed otherwise in the specifications.
- This drawing should be read in conjunction with all relevant consultants' specialist sub-contractors' and supply chain organisations' drawings and specifications.
- All structural, mechanical & electrical elements, where indicated, have been overlaid from the engineers drawings and reference should be made to the individual engineers drawings for exact setting out, size and type of components.
- Discrepancies and / or ambiguities within this drawing, between it and information given elsewhere, must be reported immediately to this office for clarification before proceeding.
- Responsibility for the reproduction of drawings in paper form, or if issued in electronic format, lies with the recipient to check that all information has been replicated in full and is correct when compared to the original paper or electronic image.
- Graphical representations of equipment have been coordinated, but are approximations only. Please refer to the specifications and / or details for actual sizes and / or specific contractor / sub-contractor construction information.

**SAFETY, HEALTH AND ENVIRONMENTAL INFORMATION**

- For Construction Design Management (CDM) risk assessment please refer to document number: .
- It is assumed that all works on this drawing will be carried out by a competent contractor working, where appropriate, to an appropriate method statement.
