Dear Antonia

**Re: Kings Cross Station – Video & Photographic Survey of Eastern Range**

Following our recent letter of the 31<sup>st</sup> May 2007, issuing a copy of the Video/DVD Survey of the Eastern Range and our recent discussions regarding issue of hard copies of the Photographic Survey, I am pleased to confirm that our Practice has now successfully assembled the Photographic Record, which provides a coloured hard visual copy of each of the areas within the Eastern Range, required to release Condition 3 of the Conditional Listed Building Consent.

In this connection, I have pleasure in enclosing 1 set, comprising of 2 volumes, indicating the following areas:

Volume 1: Ground Floor, Mezzanine Floor & First Floor

Volume 2: Second Floor, Third Floor, Staircases & Typical Details

Your early release of Condition 3 of the Conditional Listed Building Consent would be appreciated as our Clients, Network Rail, are in a position to start works within the Eastern Range building.

As promised, an electronic copy of these documents will be forwarded to your office under separate cover.

Would you please contact my office if there are any points that require clarification.

Yours sincerely

**Peter Robinson**

c.c. Brett Ward - Network Rail
