1 May 2007

Attn : Ms Sheri Waddell, N.W. Area DC Team Manager.

Dear Ms Waddell,

**128 FINCHLEY ROAD, LONDON NW3 5HT : PROPOSED SECOND FLOOR
OFFICE EXTENSION & ALTERATIONS TO APPROVED SCHEME :**

Further to our recent correspondence and liaison regarding the proposed alterations to the above, for which Full Planning Approval was previously granted on 7 October 2005 – Ref : 2005/2210/P, I note that you require a Full Planning Application to be submitted for these alterations to the approved proposal, and enclose 3 sets of the drawings showing the revisions, together with 3 sets of the relevant completed application forms, 1 : 1260 Location Plan and our cheque for the sum of £135.00 – this being the Planning Application fee. I note from our telephone conversation that a separate application for Conservation Area Approval is not required.

We have revised the elevations to accord with your preferred elevational option and trust that you will be able to support these proposals for grant of approval.

With thanks for your advice and assistance with respect to these alterations.

Yours sincerely,

David Yeaman.
