Dear Sir/Madam,

Re: Advertisement Consent – Maplin Electronics – 52-54 High Holborn, London WC1V 6RL

Please find enclosed photos of the existing signage as per your recent request.

Please acknowledge receipt of this information and register and progress our application.

The new fascia sign sleeves over the back tray on the existing sign, therefore I have included a cross section on the new signage drawing, this is therefore the same for existing and the new sign.

If any issues arise during the application please contact me to discuss further I prefer to negotiate and complete and application at the first attempt.

Yours sincerely
Spencer signs Ltd
