

**Door to Flats**

**PLANT AREA LOOKING DOWN  
TO STREET LEVEL**

*Location of  
condensers*

A photograph of a narrow alleyway between brick buildings. Scaffolding is erected in the center of the alley, and a worker wearing a yellow hard hat and a white shirt is standing on it. The ground is paved with bricks, and there are shadows cast by the buildings and scaffolding. A white spherical light fixture is visible on the left wall. The text "AIRCONDITIONING PLANT AREA TO LEFT AND BEHIND OF SCAFFOLDING" is overlaid in white capital letters.

**AIRCONDITIONING PLANT AREA  
TO LEFT AND BEHIND OF SCAFFOLDING**

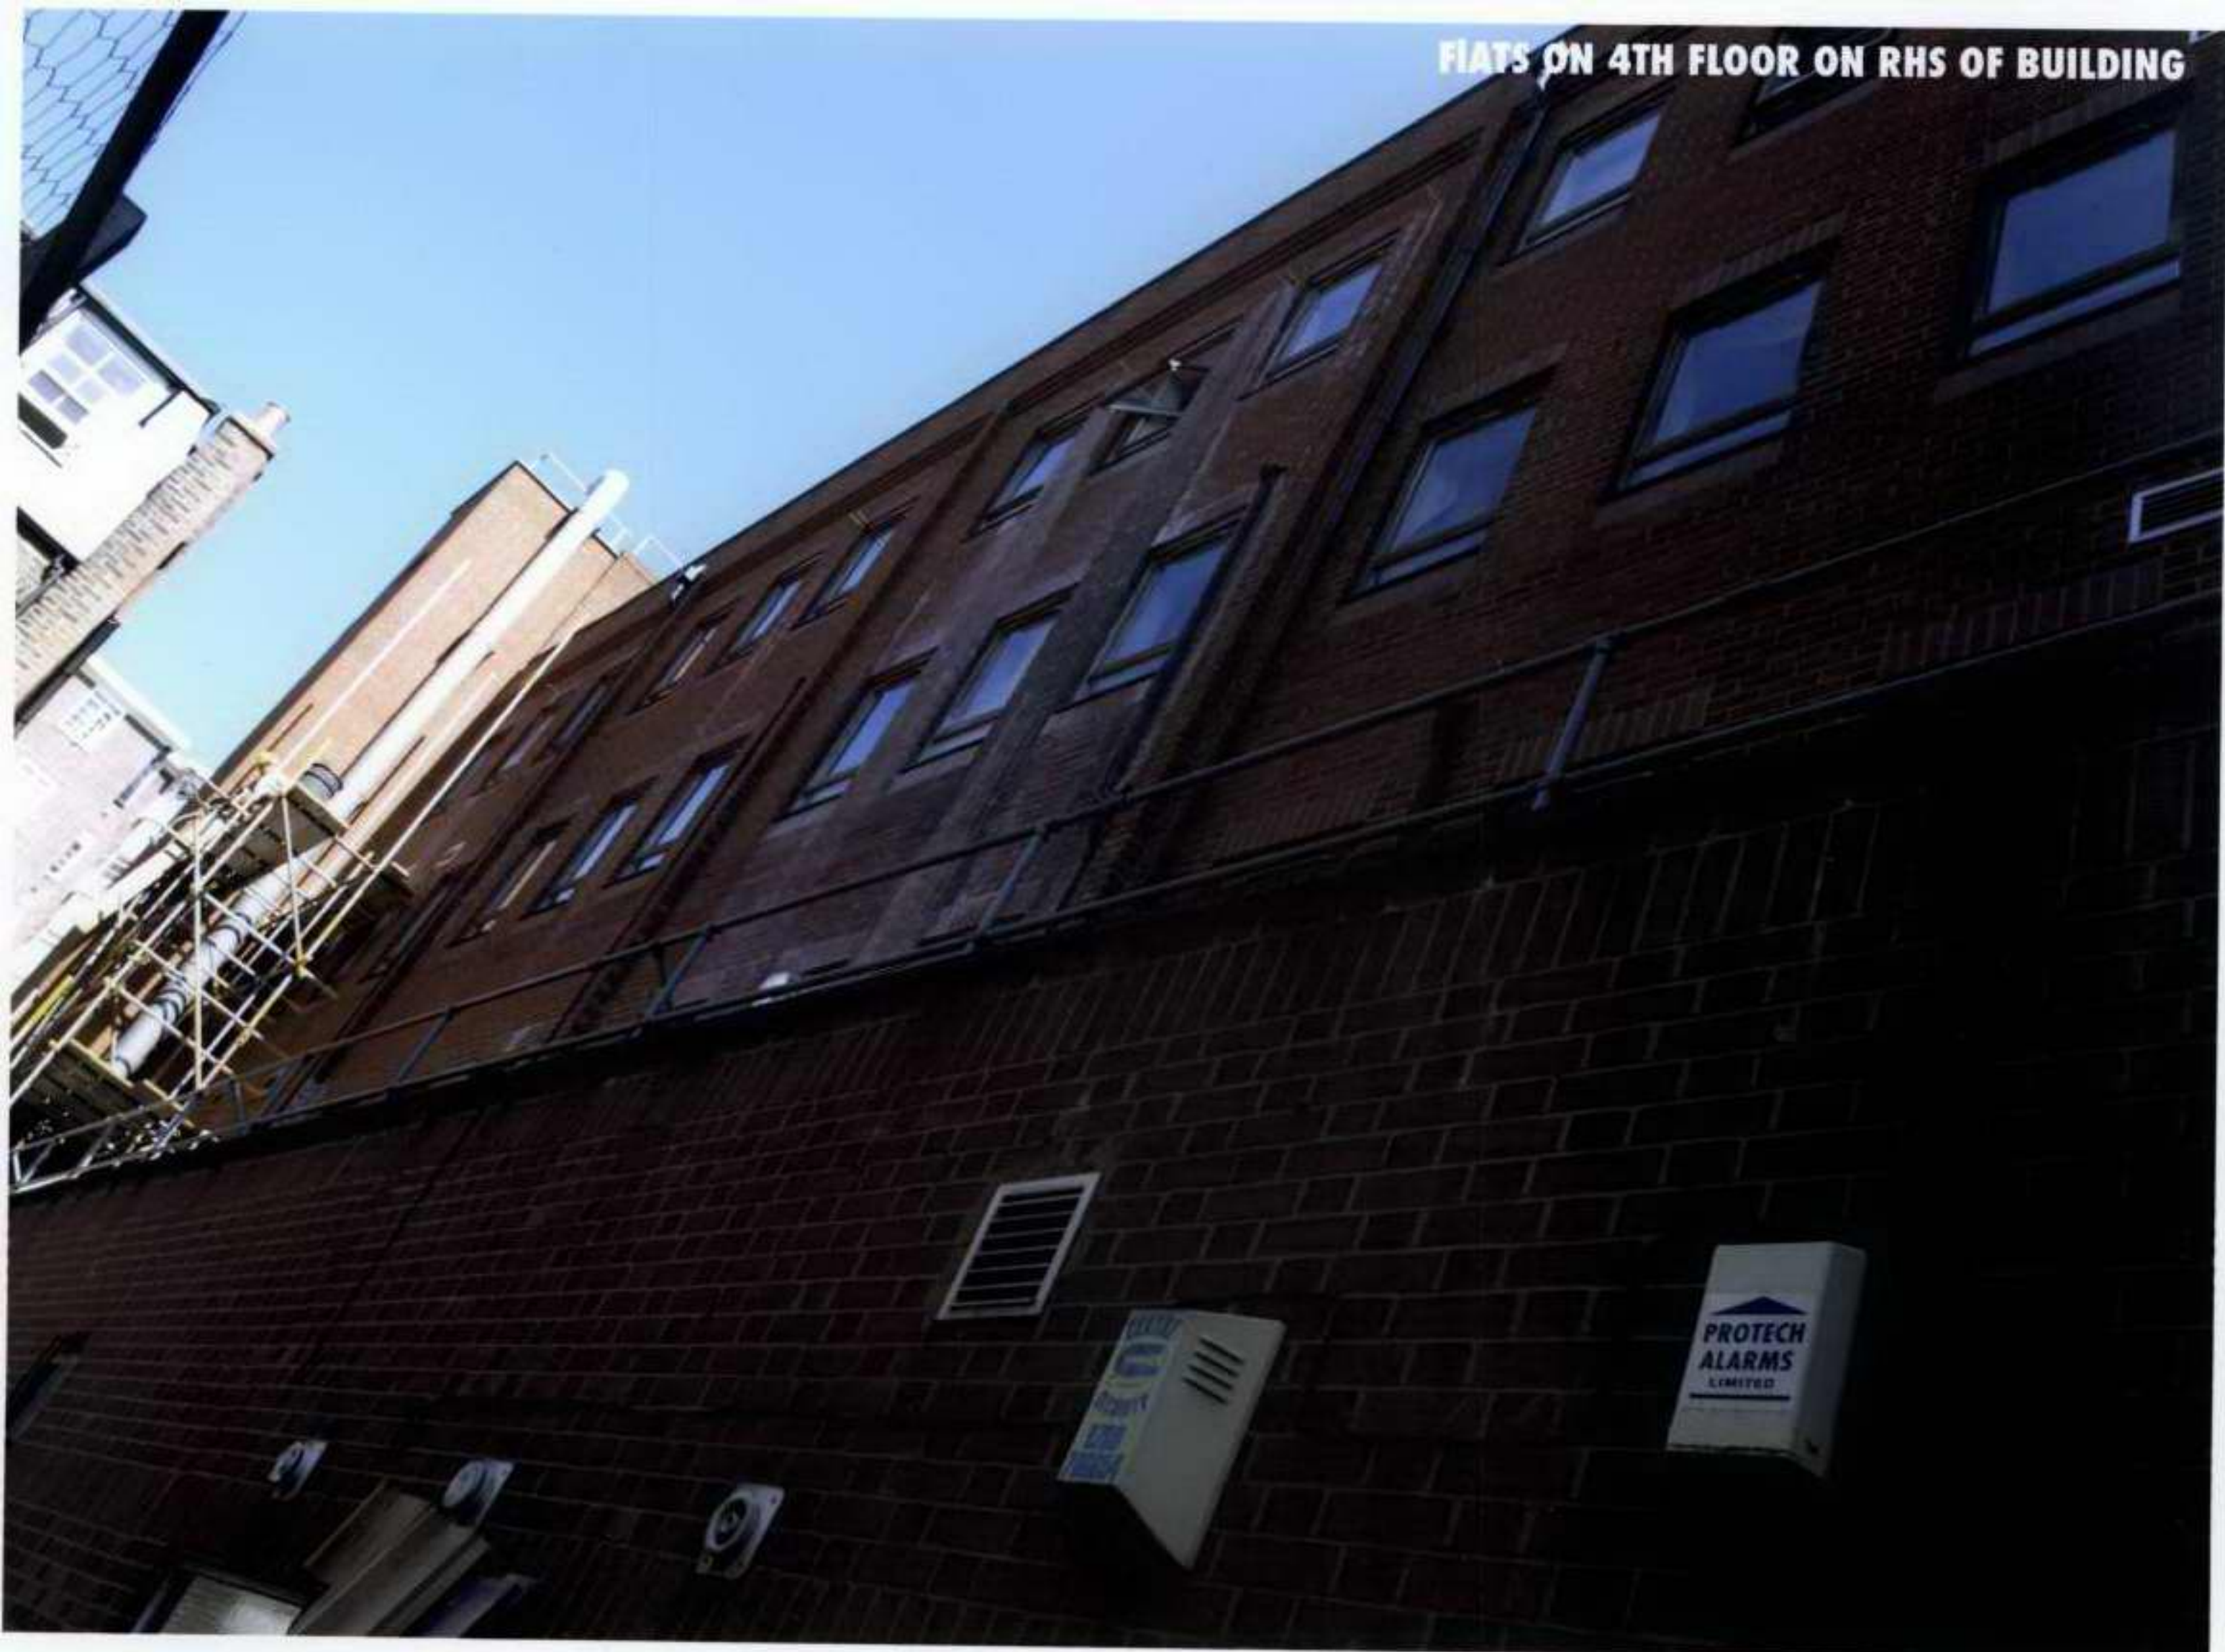

Flats

FIATS ON 4TH FLOOR ON RHS OF BUILDING

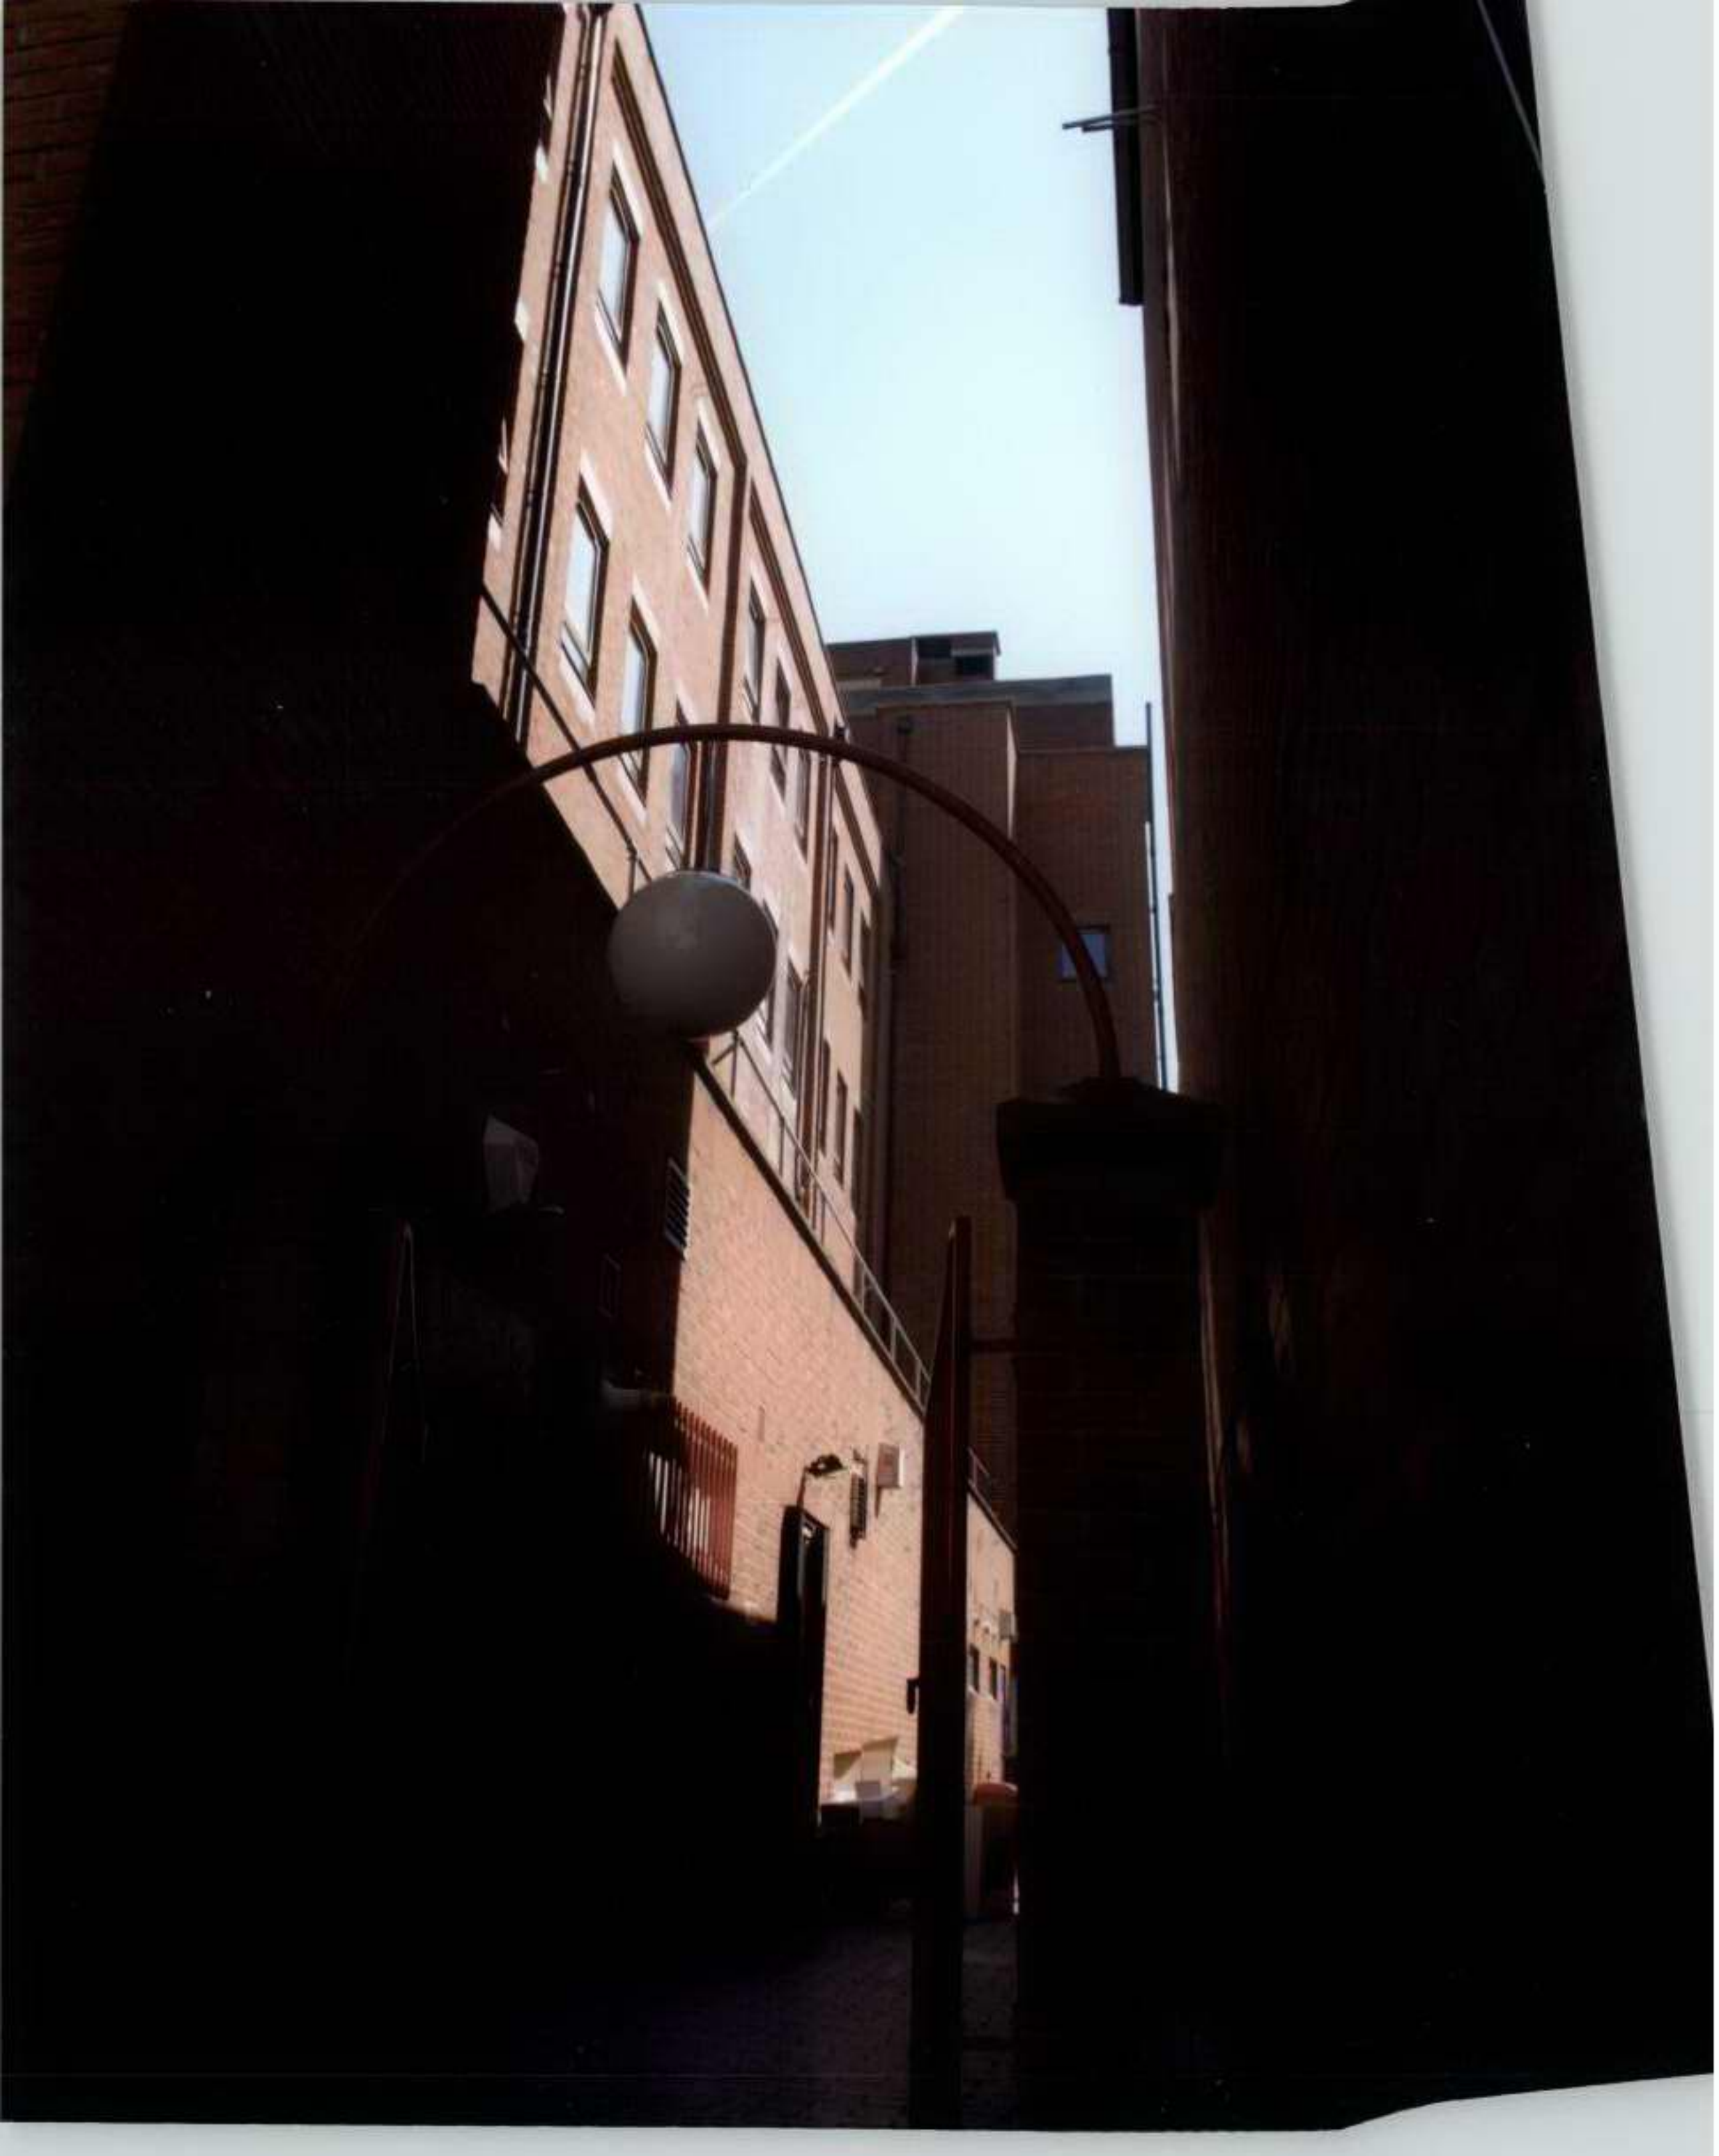

A photograph of a brick building exterior. On the left, a large black pipe runs vertically. To its right, a white door is partially open, revealing a dark interior. A white sign is attached to the brick wall between the pipe and the door. The sign has the text "Exit from building to plant area" written on it. The brickwork is a standard running bond pattern with light-colored mortar. The door has a wooden frame and a metal handle.
