Dear Victoria

Re: 83 Endell Street

Further to our conversations and subsequent emails, please find enclosed planning and listed building consent applications for additional minor works at 83 Endell Street in addition to that previously granted permission (your reference for planning consent **2006/3160/P** and for listed building consent **2006/3161/L**). Information as follows:

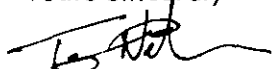

- 6 x Existing ground floor plans
- 6 x proposed ground floor plans with amendments to be considered. For your convenience I have outlined those amendments on the drawings in red.
- 6 x Proposed section (east) showing new window opening.
- 6 x Site location plan.
- 3 x Completed planning application forms.
- 3 x Completed listed building consent application forms.
- 1 x Fee. Cheque for £135 pounds

Summary of works is as follows:

- Glass floors to the areas in front of existing windows in the ground floor mezzanine have been omitted and a glass balustrade, set back from the window, introduced.
- The single, large column in the reception area is replaced with 2 smaller columns with one column either end of the reception desk.
- Two steel columns are introduced at ground floor to the interior of the north courtyard wall. These are necessary to secure the original façade following the removal of the ground floor extension which was added later and is being demolished.
- A bricked up existing window opening is to be 're-opened' and restored to its original state. This is to provide more light to the stairway and will also act as an automatic opening vent.

If you require any further information or clarification please contact me.

Yours sincerely

Toby Neilson
