Site Description

Grade II listed School of Medicine building dating from 1926-8 by P Morley Horder and V Rees. Stripped Classical style, Portland stone over steel frame.

Relevant History

2006/0809/L – listed building consent granted 27.04.06 for *Internal alterations to offices involving the creation of a new doorway and two new windows in order to provide two smaller office spaces.*

Relevant policies

UDP 2006

B6 – listed buildings

Assessment

Consent is sought for a minor alteration within the north west corner of the building, at first floor level.

It is proposed to create a new door opening from the corridor into room K114 (which is currently accessed only from the adjacent rooms, K113 and K115). To do this it is proposed to relocate the existing door between rooms K114 and K115, which matches the existing doors in the corridor in terms of size and detailed design.

This is considered to be acceptable as there will be no loss of historic fabric, and the existing opening between the two rooms is not considered to be significant in terms of the building's plan form, so its blocking up is not contested.

It is also proposed to remove the non-original door between K113 and K114 and infill – this is not considered to be contentious.

Please note that a parallel listed building consent application for the retention of door D1 (between K114 and K115) and formation of a new opening with replica door and doorcase has been submitted under application no 2007/0423/L.

Recommend approval.
