Dear Victoria

**Re: Chandler House, 2 Wakefield Street, London WC1N 1PF – DISCHARGE OF CONDITIONS
CONFIRMATION OF FACING BRICK**

Pursuant to the conditions attached to the listed building consent dated 3rd April 2006, I write to submit confirmation of the brick facing material at the above project. The brick was previously approved in conditions approval 2006/4102/L which is now superseded by the brick spec F10 attached.

The specification clause appropriate is F10 / 111. Please note that the specification clauses 316 and 381 are for areas of brickwork infill that are not visible (they are to be referred to by the contractor only) and should be discounted.

You will note that clause F10 / 111 indicates the use of a lime mortar bedding which negates the need for movement joints.

If you have any queries or require any further detail, please do not hesitate to contact me.

Yours sincerely,
