Charles Thuairé
London Borough of Camden,
Camden Town Hall,
Judd Street,
London.
WC1H 9JE

Dear Mr Thuairé.

Erection of a new part one, part two-storey dwelling house, as an amendment to the planning permission granted on 21/06/05 (ref 2004/5446) for the erection of a new dwelling house.

We are writing to you to propose several amendments to the approval referenced above. Following our meeting dated 14th February 2007 please find our application with the discussed amendments

Listed below are several alterations we have made to the approved scheme.

1. Alter the windows to the front elevation to be all doors as approved in the previous applications.
2. Move and enlarge the chimney to the side elevations.
3. Change the roof light from an angular patent glazing to a circular one
4. Revised eaves detail

We have not provided an access and design statement as we feel the changes do not reflect a major alteration to the previous statement and that the variations will have no impact upon the access or overall design of the scheme.

Should you have any queries or wish to discuss the changes further then please do not hesitate to contact me.

Yours sincerely

Neil Gaskell
(For and on behalf of BB Partnership Ltd)
