Submission of detail
of design of building
foundations for the
rear extension etc
pursuant to cond 5 of the
pp dated 16/12/05 (2005/4492/P)

Following your letter dated 22 January and in reference with condition no.2b of the Listed Building Consent 2005/4493/L dated 12.12.05, I write to confirm that the Ground Floor Front Door is not be replaced but to be kept and restored.

With regard to condition no.5, please find enclosed 8 sets of Structural Engineering drawings and details. All works to the rear extension foundations have been designed in order not to not affect the tree adjacent to the site (as shown on dwg.SL(0)01 rev.C) as requested by the Planning Approval Condition.

If you have any further request, please do not hesitate to contact me.

Yours sincerely,

Enrico Galliani
Crawford & Gray Architects
