Re: Curved readograph  
Estimate no145279  
E-mail

20.04.06.

Dear Ryan  
We are pleased to quote for the following:

To manufacture and install 1 off (approx size) 7M x 1.2M x 180mm curved readograph box with opal Perspex panels, white frames and stainless steel rails. Box to be finished to colour tba. Readograph to be internally illuminated by way of flouresant tubes and switch gear.

**All the above for the sum of [REDACTED].**

Please note this does not come with letters. These are individually priced according to colour and type style. A guide price for a standard 10" font in red which consists of 248 characters would cost [REDACTED] vat less 10% for complete font which would cost £ [REDACTED].

I trust the above maybe satisfactory and look forward to speaking to you shortly.

Yours sincerely

Martin Harris  
General Manager.
