Background

Willing House is a grade II listed building, consisting essentially of an original frontage, overlooking Gray's Inn Road and a substantial rear extension which was erected three years ago.

The refurbishment of Willing House and rear extension were granted permission on 29.10.01 (Ref: PSX0004158/R5). As part of this application A3 use was proposed to be contained within part of the ground floor. Prior to this development it is understood the building was occupied principally as offices by the London Borough of Camden

and stated as B1 use. Subsequent to the development of the approved scheme in 2003 part of the ground floor, categorised as A3 use within the application, has remained empty. Change of use from A3 to B1 was approved on 29th June 2006. (Ref: 2006/2096/P and 2006/2097/L)

Fit out of the office on part of the ground floor was granted full planning permission and listed building consent on 19.10.06. (Ref: 2006/3398/P and 2006/3402/L)

The Current Proposals

It is proposed to install an outdoor air condition unit on the roof of the ground floor level, office for Thomas Heatherwick Studio. An acoustic barrier screen will be erected around and above the air-condition unit following advice from Planning officer Stuart Minty and Environmental health officer Ian Dixon.

Current Ownership

The Leaseholder of the ground floor demise, which is the subject of this application, is Thomas Heatherwick. The completion took place the 10th of July 2006 and the freeholder, Megaro Properties Ltd, was notified the 24th of July 2006 according to section 11.

Listed Building Consent

The front part of the Building facing Gray's inn Road described is grade II listed. No alterations to the existing historic external frontages are proposed.

We trust the application is in order, but please contact us if you have any queries or require additional information.

Yours faithfully,

Ole Smith
