10 December 2006

Dear Sir/Madam,

16B CREDITON HILL, LONDON, NW6 1HP
Application reference 2006/5345/invalid

Further to your letter of 28 November 2006, I am as requested enclosing the following drawings and information. I should like the enclosed drawings substituted for those sent on 22 November 2006.

Five sets of drawings 025/1A, 2, 3A, 4A, 5, 6, 7, 8 and 9.

Five copies of two sheets of photographs showing the front and rear elevations. The property is being redecorated at the present time, hence the scaffolding as seen in the photographs.

I hope the above information and drawings answer the three points raised in your letter.

When considering this application, which is in a conservation area, please note the following Design and Access Statement. The existing access for vehicles and pedestrians is not affected and the proposed roof lights will have no impact on the existing property or its neighbours. I consider the flat roof light will not be visible from the street as it is set-back 600mm from the half-round ridge tiles, which are 125mm in height above the roof level.

I await your response.

Yours faithfully,

B. Sherrington
