Dear Mr. Wood,

In response to your letter of 21st inst. regarding the above submitted planning applications we can inform you as follows,

1. The Councils record of there only being five flats in the building is correct. For some unknown reason the two flats at second floor are named no.5 and no. 7.
2. We were of the impression that two separate applications was required as the owners of the flats are Mr. M. Wallis and Mr. G. Arnon.
You kindly informed us, that we can submit the proposal on one application, why we shall ask you to withdraw one of them and accept the enclosed filled in new application form, with both applicants.
3. the required Design and Access Statement is enclosed.
4. Our drawing does not clearly show that the building is part of a semi-detached house. To prove that it is, a picture showing the building from the front is enclosed.
5. The material and colour used in the development are clarified in the Design and Access Statement.

It is our understanding, that with the withdrawal of one of the two submitted applications one of the paid planning fees will be reimbursed.

Hopefully the amendments will meet all your raised quires, so that you can process the application and in the future recommend the proposal for approval.

Yours sincerely

Aron Sloma
