Dear Mr Brew

**Re: 54 Hatton Garden, London EC1**

Further to your letter dated 7 November 2006 I confirm that a design and access statement is now prepared and enclosed with this letter. The forms are also returned duly signed.

Our acoustic engineers are attempting to take readings but are hampered due to the fact that the building is being demolished.

I will therefore forward the report that demonstrates that the operation of the plant will not result in a noise nuisance to nearby occupiers.

Yours sincerely
