Subject: 28 Perrins Walk, London NW3-2006/3943

Dear Matthew,

28 Perrins Walk, London NW3-2006/3943

Further to your letter dated 27 September 2006 and our telephone conversation yesterday, please find attached the outstanding documents as requested.

28.11 design, access & other resource reduction measure' statement for 28 Perrins Walk, London NW3. Size: A4 (word document)

28PW(PL).11- ground floor and roof plans showing extent of demolition. Size: A1 (pdf)

28PW(PL).12- South elevation as existing showing extent of demolition. Size: A1 (pdf)

28PW(PL).13- North and East Elevations as existing showing extent of demolition. Size: A1 (pdf)

28PW(PL).14- West Elevation as existing showing extent of demolition. Size: A1 (pdf)

As agreed yesterday, with Mr Darren Beesley Camden's Specialist Technical officer, the requirement for a site investigation report relating to land contamination can be the subject of a planning condition, and therefore a topic that can be addressed after planning permission.

I trust that you now have all the information you require to validate this application.

Yours Sincerely

George Kounnou
For **GCK ARCHITECTS LTD**
