Application Ref: 2006/3686 & 2006/3688

Attn: Bethany Arbery

Dear Ms. Arbery,

**Re: Application for Planning Permission and Conservation Area Consent
for 1 Prince Arthur Road, London, NW3**

Thank you for your letter dated 7 September 2006.

We have tried to respond to the points made in your letter and have revised our plans accordingly.

We have additionally, at our Client's request, revised the proposals for the south elevation with the intention of maintaining the handedness of the projecting bay matching the existing elevation. This is taken account of in the demolition annotations.

The Design statement has also been slightly modified to take this into account.

We would be most grateful if you would please substitute the following documents in the Planning and Conservation Consent Applications as follows:-

Drawing B214/001 C replaces drawing B214/001 'O'
Drawing B214/002 B replaces drawing B214/002 'A'
Drawing B214/003 B replaces drawing B214/003 'A'
Design Statement revision 18/09/06 replaces 18/08/06
We enclose 10 copies of each of these documents
