Dear Sir/Madam,

**University College School, Hampstead. London NW3: Sports Centre & Pool Proposals**  
**Full Planning Application: Ref. 2005 / 0123 / P**

**Your ref: 2006/3828/INVALID**

**Discharge of Condition 4 & 14**

I write in response to your letter of 22 August 2006 regarding incomplete application.

I have rechecked our files and note that the original landscaping ground level drawing 182/C/02 was included as part of a "formal revision" planning application report document [dated September 2003] in the course of ongoing discussions with Charles Thuairé. However it was not included among the list of consented drawings. I enclose copies and note that no cycle provision is shown at that time.

The cycle provision was shown on the drawing 182/T/100 [an earlier revision of the drawing I submitted 17 August 2006, also enclosed], but I have no firm record that this drawing was submitted.

I apologise for any confusion on this part – please appreciate that the planning application on this project was a long and complex process that begun in 2002, with many iterative changes to scheme design and consequent submissions of drawings.

I trust that this clarifies matters.

Please do not hesitate to contact me if you require any further information. I look forward to formal discharge of the above conditions.

Yours sincerely

  
Edward Toovey
