REF.

Dear Sirs

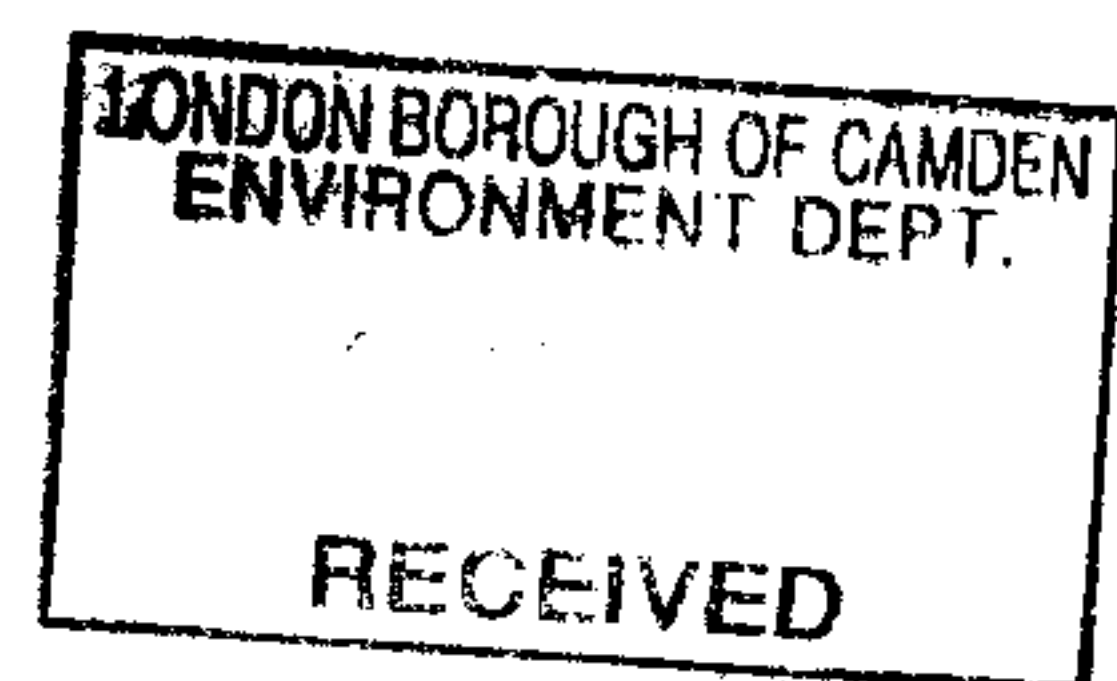

We write to request retrospective planning permission for 4 air conditioning units at 24 Neal Street Covent Garden (ground floor and basement), these units have been installed in the light well to the rear of the premises. The units replace an existing air conditioning unit. We apologize for not requesting planning permission prior to the install we believed this was not required as the installation was a replacement for the existing unit. As soon as we were made aware of our mistake we contacted yourselves who have advised us of the steps to take to correct this error. We have had an acoustic test done. The results for which are enclosed. We have also discussed the proposal with the landlord Christine Smith who has given her approval in principle the units are linked to a last man out switch so they will only operate in trading hours.

Trading hours are

Mon – Sat10:30am – 7:00 pm

Sunday12 noon – 5:00 pm

Yours Sincerely

David Ashfield
