Design Statement

Old House, Kidderpore Avenue, London NW3

1.0 Introduction

1.1 Design approach

The existing building is Grade II listed and in a Conservation Area. The railings and handrails proposed have been designed in conjunction with advice from the Conservation Officer, Hannah Walker, at London Borough of Camden. The form of the railings has been designed with reference to similar Victorian railings in this part of London and also has regard to the architecture of the existing building and adjacent buildings.
