Subject: To move current bathroom window to new bathroom

Flat 2, 66 Aberdare gardens will be having internal refurbishments done in the near future. We would like to move one external window, which is on the side of the building and is not visible from the street.

The reason for moving the window is because the flat is having an internal refurbishment. (Building regulations have been applied for) The bathroom is moving and that is why we want the window to move into the new bathroom. We will use a similar window with new lentsils.
In place of the old window will be the exact same brick-work as the rest of the building.

I currently own this flat with a 124 year lease. The Freeholder of the property lives in the flat below.

Freeholder Details are:
