

## **DISABLED ACCESS STATEMENT**

The Bucks Head.  
202 Camden High Street  
London  
NW1 8QR

Currently access to the premises by physically handicapped persons has been via stepped access to both entrances.

Currently no main disabled toilet facilities exist.

The possibility of replacing the existing stepped entrance with a ramped entrance does not seem practical due to relative location adjacent the public pavement.

The existing stepped entrance will therefore be retained.

However a new accessible toilet is proposed which will be located off the main trading area.

The management will be available at all times to support and aid all customers where necessary.
