RECEIVED

Dear Ms Swanepoel

**APPLICATION FOR DISABLED ACCESS TO THE OCTOBER GALLERY VIA WIDENING EXISTING DOOR
OPENING TO GAGE STREET WC1N 3AL**

Further to our application of the 10th August 2006 and your recent queries, we wish to clarify the following;

- We confirm that drawings numbered PL001 revA, PL005, PL007 revision B, PL008 revision A, PL009 revision B, PL010 revision A and PL013 revision A previously submitted have been superseded by those forwarded to you with the new planning and listed building applications on the 10th August 2006.
- A detailed section of the proposed new door to Gage Street at scale 1:10 has been prepared and we enclose 16 copies of drawing numbered PL018 for inclusion in the planning and listed building applications.
- The proposed internal platform lift to be used will be the Moveman Management Companion Prima Plus. Please find enclosed 16 copies of the manufacturer's data sheet and technical information in support of the above application.
- Please find enclosed 16 copies of the signed Certificate B for the Planning Application as requested.
- The 350mm change in level of the proposed lowered entrance lobby to the gallery has been indicated on the attached plan numbered PL007 revision D to which we enclose 16 copies in support of the above applications. Please note that this drawing will supersede drawing numbered PL007 revision C previously submitted to you.

- We have included additional information to and reformatted the Design and Access Statement inline with the CABE guidance booklet.
- Drawings PL014 and PL015 relate to works to be submitted under a separate application and have therefore not been submitted as part of this application. The issue of these drawings are not referred to in the planning or listed building application or in the accompanying drawing issue sheets submitted with the application.

Any queries or comments should be addressed to either David Lloyd Jones or the undersigned.

Yours sincerely,

Tim Buckingham
