Dear Mr Sexton,

RE: Application to agree Condition 6 to the Planning Consent
Ref No: 2006/0957/P for
16 ST. PANCRAS WAY, LONDON, NW1 0QG for Acton Housing Association

I refer to your letter dated 20th April 2006 regarding your decision to refuse our application dated 21st February 2006 to agree Condition 6 (Scheme for preventing parking on the forecourt) of the Planning Consent.

Informative 2 within the above letter states "in order to comply with Condition 6 of the permission a system of bollards...is required to prevent overnight parking and therefore obstruction to the morning resumption of business activities on site".

To this end we enclose 5 no. copies of drawing 457/554 which details our revised proposal for the provision of 'telescopic' bollards to prevent overnight parking in the vehicular drop-off zone. It is proposed that the control of these bollards will be allocated to the future tenant(s) of the ground floor B8 unit so that the bollards can be set up for 'out of office hours'.

We trust that this proposal is acceptable to you and that the enclosed information is sufficient to allow you to formally agree this matter. However, if you have any further queries or require any other information please contact me as soon as possible.

I look forward to hearing from you shortly.

Yours sincerely,

Stefan Stolarski
