Dear Sir / Madam

**Lesser Wildwood, 15 North End, London NW3 3HR - Planning Application
Re-application previous reference 2006/1186/L**

I have enclosed the documents and drawings for a planning application and listed Building Consent for the above address.

The proposals are as follows: create a basement floor linking 2 existing buildings, to create a stair enclosure at ground floor level, to replace the boundary courtyard wall and gate to the street with a brick wall, to form a new street entrance within this wall and into the ground floor stair enclosure.

This application is a resubmission of application reference 2006/1186/L.

The previous application followed from a pre application submission the details of which are enclosed with this letter and from a meeting with Victoria Fowles of the Camden UD Team and Matthew Durling the officer dealing with the previous application 2006/1186/L.

I have enclosed the correspondence and history of the previous pre application, application and post refusal discussions for your reference.

I have summarised the content of this correspondence and discussion here.
