2003/3512/L

Dear Madam/Sir

RE: The Yorkshire Grey, 2 Theobolds Road, London WC1X 8PN

Following planning & listed building approval above dated 5 September 2003 please find attached 3 copies of the following drawings: 426/adg3500D, adg3600-, adg3601, adg3602 & adg3604. In order to discharge listed building condition number 2, joinery details.

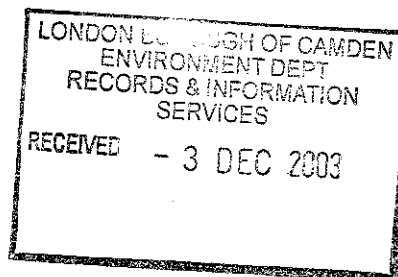

Please find attached 3 No copies of drawings 426/adg3305- & adg3306- showing proposed suspended ceiling locations. Note we intend to retain the cornice above the suspended ceilings, also the suspended ceilings will be positioned above window head heights. The new suspended ceilings will consist of 12.5thk plasterboard on Gyproc MF metal suspension system mechanically secured through existing lath & plaster ceilings to existing floor joists. Further note that in areas where new walls cut across existing cornice that is to be exposed we propose new cornice to match existing along the new walls.

Yours sincerely

M.A. King
