Ms. Kiran Chauhan,  
Development Control, Planning Services,  
London Borough of Camden,  
Town Hall,  
Argyle Street,  
London WC1H 8ND

Submission of details pursuant to  
condition 4 of plans of PEX0101020 and variation of condition  
05 ~~which states~~ to use Kalwall fibre glass instead of  
obscure glass.

Cc J.B.

15<sup>th</sup> June 2004

Dear Ms Chauhan,

RE: The Bakery Carlow Street London NW1.  
Planning Application Ref.PEX0101020

I confirm leaving with you last Thursday a sample of the brick required in condition 4 of the  
Permission for the above.

Details of the loading bay shutter will be forwarded in due course. We propose to alter it to double  
doors fabricated as the Window Frames.

I also left with you a sample of Kalwall to be used as the obscure glazing to the South Façade as  
condition 5. Kalwall has the advantage over glass of having much better thermal performance  
especially in relation to Solar Heat Gain.

We also propose to use it on the 4<sup>th</sup> Floor to reduce heat gain in the glass box.

I left you copies of drawings BAK/3/10/D South Elevation  
/11/D East Elevation

I look forward to hearing from you.

Yours sincerely,

M.G. E. Goldfinger AA dipl., AA dipl.(Planning), RIBA.  
For and on behalf of Polyhedron Architecture Limited.
