22 February 2002

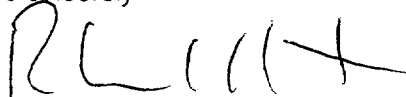

286-290 Kilburn High Road

Following our recent discussions I enclose 4 copies of a further revision C to include another attempt to resolve the front elevation. The top of the pilasters mimic an existing top between nos. 286 and 284. I hope this is acceptable but otherwise we understand that you will include the resolution of this elevation within a planning condition.

We expect a further public consultation to now proceed which I hope can be progressed as quickly as possible given the delays to date.

We look forward to hearing from you again.

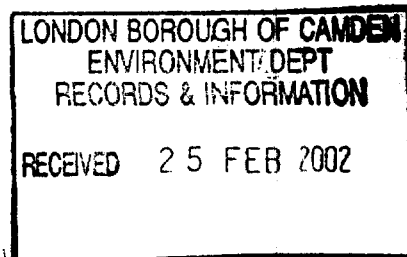

Yours sincerely

Robert Goldsmith
