For the attention of Mr Marc Ellenbrook

Dear Sir

re: 12 - 18 Theobalds Road, London, WC1

N15/61A.

PSX0105017 R3

With reference to the meeting held on site on Wednesday, 19th December, 2001 with Mr Ellenbrook and Ms Brady, we enclose herewith five copies of amended drawing No. 23-00-19C which illustrates the louvred screening to the condenser units on the lower flat roof to No. 12. It is intended that the louvres should be constructed in aluminium, coloured slate grey. Louvres to have matt finish not gloss.

We understand that the detail of the cat ladder also shown on this drawing is also satisfactory, and we hope therefore that this application can now be approved.

Yours faithfully
for, ROY MILLARD ASSOCIATES LIMITED

R. E. MILLARD
