For the attention of Ms Hannah Baker

Dear Madam,

**re: 33 Heath Drive, London, NW3 7SB**

We refer to our recent telephone conversations including that earlier today.

We confirm that you had advised that the introduction of windows to the front bay at basement level is inappropriate and that the widening of the existing garage is not suitable. Also it would not be appropriate to introduce any new elements including new fenestration at basement level to the two front main elevations of this corner property.

We are therefore instructed to revise our Drawings Nod. A3, A8, A9 and A11 omitting the proposal to introduce the windows to the front bay and widen the existing garage. We enclose four copies of each of these drawings and please substitute the original drawings submitted with our applications.

We trust our applications may now proceed to approval and we look forward to hearing from you as soon as possible.

Yours faithfully,

Clive Callard  
Chartered Building Surveyor
