Dear Ms Geoghegan,

Town and Country Planning Acts
Re: 8/8a Warner Yard, London, EC1

I refer to our telephone conversation of today's date in respect of the application for the above property.

As discussed we are asking for your approval of a variation to the scheme as approved to include the following:

- (i) The increase in height of the lift shaft enclosure.
- (ii) The increase in height of the apex of the roof of the additional third floor extension by 200mm.
- (iii) The installation of four air conditioning units on the flat roof terrace of the third floor rear extension.

These variations are shown on the revised drawings nos. 160/50 Rev A, 52 Rev A and 53 Rev A previously submitted.

EASTGLEN DEVELOPMENTS LTD

I also confirm that your Environmental department requires some additional information regarding the acoustics and potential for noise in respect of the air conditioning units and that you will be sending me details of the additional information required together with a draft of the format in which you require the information submitted.

Yours sincerely,

Ali Rashid
