Dear Hugh Miller,

Re : Application No. PEX0000350 - 5 Collard Place London NW1

Thank you for your letter dated 22nd May acknowledging receipt of the above application.

We have simplified the design to make it easier and less expensive to build, and also for the conservatory to have its own lightweight construction, independent of the construction of the house. We feel this solution is more satisfactory and would therefore ask to amend our application by substituting the following drawings:

- (1) 5 no. copies of Drwg. No. : 01A - Proposed Plan
- (2) 5 no. copies of Drwg. No. : 02A - Existing & Proposed Elevations
- (3) 5 no. copies of Drwg. No. : 03A - Proposed Section

We also enclose for your information background information on 11.04 Architects in the hope it is of interest and assists in the determination of the application.

Many thanks for your assistance in this matter.

Yours sincerely,

Chris Roche
