Dear Ms Cook

10 PROCTER STREET - Your Reference: PS9904731

Following our last meeting, you mentioned that the last drawing submission was not formally lodged as a revision to the current application. We therefore would like to submit the attached 5no copies of A3 document dated 14 April 2000 as a revision to the current application, reference no. PS9904731, replacing the documents submitted previously by Michael Burroughs. This document contains proposed plans, elevations and sections as well as supplementary information in the form of design concepts, detail sketches, an environmental statement and proposed improvements to the pavement at Procter Street and under the bridge building.

We have arranged to meet with Joanna Parker, Nick Jacobs and David Brain on 4 May 2000 to discuss the project further. If you are available during those times, it would be useful if you could attend.

Yours sincerely

Roy Stevens
