For the attention of Miss Sue Foster

Dear Miss Foster

Re 365 Euston Road, NW1/41-42 Warren Street, W1

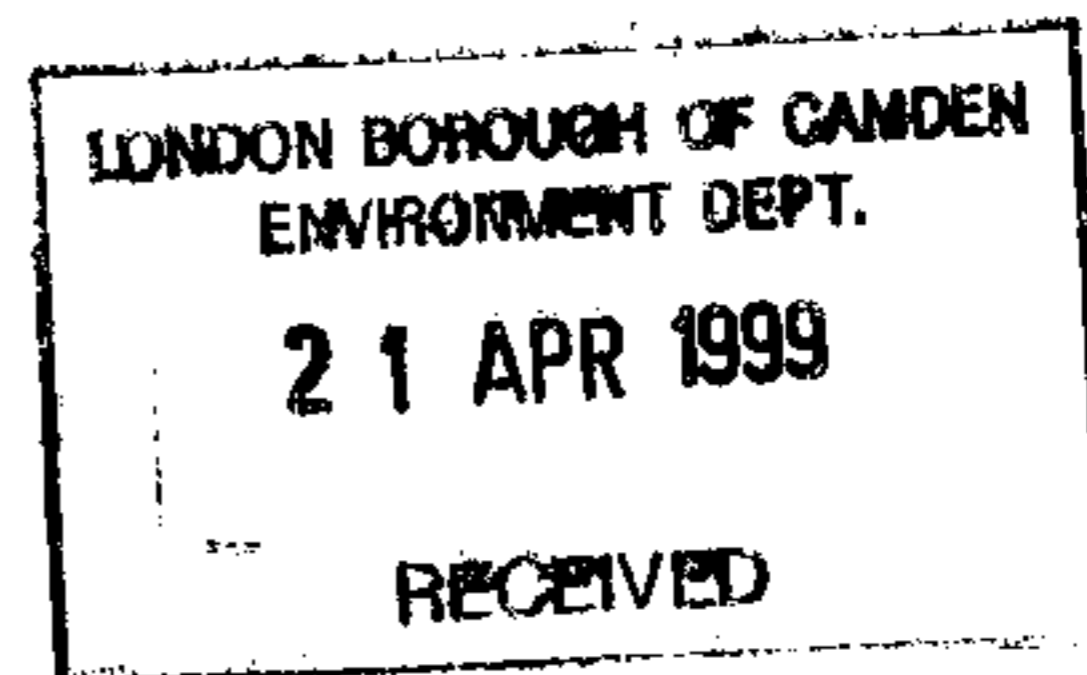

I refer to our hand delivered letter dated 12 April 1999 followed by your telephone call and progress issues regarding conditions with approved planning.

1 Windows from 1st - 4th Floor

We propose to change existing metal casement windows to double glazed, powder coated aluminium in Georgian style. A sample has been fitted on the Warren Street facade and a set of photographs have been provided **demonstrating** that the new windows **do not vary** from those already existing. We hope planning will **not** be required. It is also pertinent to note that there are various other office/residential buildings with double glazing. I have also left a small sample of the proposed windows.

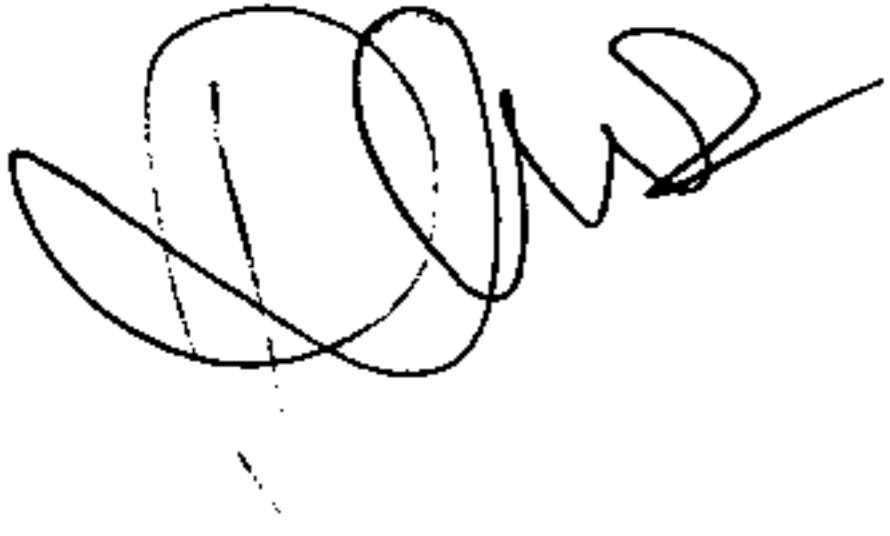

2 We enclose sample of Eternite 'slate' proposed for Penthouse on the roof.

3 We enclose a revised copy layout of the proposed improvement to the floor (carpets omitted in previous submission). Please note the sound insulation measures between dwellings have been approved by Mr Loureda (Building Control).

I await your **URGENT** response.

Yours sincerely

A handwritten signature in black ink, appearing to be 'D Cruz', written in a cursive style.
