Particulars of an application under the Town and Country Planning Act, 1947, and the Town and Country Planning (General Development) Order, 1950.

Particulars of any direction under the above-named Act and Order: None Issued.

Council's decision\*. Permission refused for the development referred to in the undermentioned schedule as shown on the plans submitted.

SCHEDULE  
13th October, 1954

Date of application :

14003 (your No. 313/001 and 3)

Plans submitted :

The redevelopment of the sites of Nos. 201-207, Gray's Inn Road, and Nos. 1-5, Heathcote Street, St. Pancras, by the erection of a Nurses' home comprising 48 bed-sitting rooms on four upper floors and car park, etc., below.

(1) The height of the block as proposed is excessive, having regard to the height of existing and proposed development in the vicinity.

(2) The development as proposed is unsatisfactory in that the concentration of building on the Gray's Inn Road frontage results in the rear of adjoining premises being visible from Hecklenburgh Square which would be detrimental to the architectural conception composed of the buildings in Hecklenburgh Square and Hecklenburgh Street, many of which are listed buildings of Architectural or Historic Interest.

der Section

(3) It is considered that any development on this site should have a continuous facade to Heathcote Street.

I have further to inform you that the Council would be prepared favourably to consider an application for the redevelopment of these sites by the erection of a Nurses' home comprising 48 bed-sitting rooms, the building being erected to the same height as the adjoining premises at No. 209, Gray's Inn Road; and having a sufficient return frontage in Heathcote Street.

You are invited to discuss the matter with the Council's Officers.

Yours faithfully,

Architect to the Council.
