Dear Sir

Town & Country Planning Act 1971
Town & Country Planning (Listed Buildings and Buildings in
Conservation Areas) Regulations 1977
Re: St Pancras Station, Euston Road, NW1

I refer to your letter dated 17th March 1982 submitting details of the proposed lighting to be used pursuant to Conditions 2 and 3 of Listed Building Consent granted on 27th November 1981 (Registered No. HB2726) for alterations to the Booking Hall involving the removal of the existing booking office enclosure from the east side to the west side of the Booking Hall, and its re-erection in a modified form with the linen-fold panelling retained, and internal ^{walls} to the enquiry office.

I have to inform you that this Council hereby approves the details of the proposed lighting to be used as described in your letter dated 17th March 1982 (Registered No. HB2846) illustrated in drawing nos. 3.0412/01B, 04, 05A, 12B, 13 and 2 unnumbered photographs.

Informative

A prototype of the proposed lighting complete with lighting source, should be erected in situ to enable the impact of the light fitting to be assessed, and for officers of this Council in conjunction with officers of the GLC Historic Buildings Division to approve the final details of the lighting display.

Yours faithfully

Director

All correspondence to be addressed to the Director of Planning and Communications.
