REGISTER OF APPLICATIONS

27 MAY 1955

Date of Council's decision\*

26.5.55

Particulars of an application under the Town and Country Planning Act, 1947, and the Town and Country Planning (General Development) Order, 1950.

Particulars of any direction under the above-named Act and Order: None Issued.

Council's decision\*. Permission refused for the development referred to in the undermentioned schedule as shown on the plans submitted.

SCHEDULE

Date of application: 1st April, 1955.

Plans submitted: 0809 (Your No. 172/2)

Development: The erection of five pre-cast concrete garages, at No. 28, Arkwright Road, Hampstead.

Reasons for refusal: The proposed use of prefabricated concrete structures will result in buildings of unsatisfactory and inappropriate appearance in this residential area and will conflict with the existing adjoining development which is constructed of red facing bricks.

A similar application with detailed sections and elevations showing garages of permanent construction and using a red facing brick to match adjoining development would be favourably considered.

Name and address of applicant.

Messrs. Elliott, Son and Boyton,  
86/87, Wimpole Street,  
Cavendish Square,  
W.1.

(G.B. 17481-7)

Certified that this document contains a true record of a decision of the Council.
