To ensure that the Council shall be satisfied as to the details of the facing materials to be used.

I have to inform you that:-

(i) The provisions of Section 44 of the London Building Act, 1930, and By-law 5.26, should be complied with to the satisfaction of the District Surveyor.

(ii) The first, second and third floors of No. 14, Red Lion Square, and the third floor of No. 15, Red Lion Square, appear to have use rights for single family residential purposes only. Planning permission must be obtained before any of these floors are used for office purposes and lessees and tenants should be informed accordingly.

In respect of your letter dated 14th December, 1954, which is deemed to be notice under Section 30 of the Town and Country Planning Act, 1947, the Council has no objection to the proposals shown on plan, Reg. No. 18695 (your drawing No. 511/16), but considers it desirable to retain and make good all sound original panelling, box cornices, etc., and particularly the woodwork in the ground back room of No. 14, and that particular care should be taken to avoid damage to the very fine staircase in No. 14, Red Lion Square.
