Dear Sir,

Town and Country Planning Act 1990
New End Hospital NW3.

Thankyou for your letter of 12th November regarding the issue of approval of details of brickwork for the above site (ref [REDACTED]). I regret that the wrong details were included on the conditional decision letter dated 30th October and that this did not accurately reflect what was agreed on site.

This letter is to confirm that the correctly worded condition 1 should read as follows:

1. The bricks to be used on blocks C/D shall be Ibstock Kernow Red handmade (first quality) on the front elevation, Ockley Smeed Dean London stock on the rear elevation, and Smeed Dean Multi stock on all garden wall and retaining walls.

Condition 2 remains correct.

Yours faithfully,

for Director of Environment *OT*
