

EXISTING ELEVATION

EXISTING PLAN SECTION

PROPOSED ELEVATION

PROPOSED PLAN SECTION

1. Birkenstock logotype to be flat-cut from 3mm thick aluminium sheet and painted white (RAL9003), applied with double-sided tape to rear and mounted above entrance.
2. Linear LED light fitting, 1050x50x50, in satin black, mounted to top of fascia panel above logotype lettering.
3. New timber fascia panel with decorative top moulding, to match existing, painted RAL9004 in a satin/matt finish.
4. Projecting roundel sign fabricated with back-to-back shallow aluminium panels, each with 25mm deep perimeter returns, powder-coated RAL9004. Face of each panel applied with digitally printed vinyl logo graphic. Mild steel support bracket fixed to timber fascia, with cover plate, powder-coated RAL9004.
5. Existing window mullions to be re-painted satin black RAL9004.
6. New door handle in oiled teak with stainless steel back-to-back fixings.

REV_04 - Awning omitted
 REV_03 - Kerb edge noted
 REV_02 - Proposed elevation amended.
 REV_01 - Proposed elevation amended.
