Yes No

If Yes, please complete the following information about the advice you were given (this will help the authority to deal with this application more efficiently):

Officer name:

Title: First name: Surname:

Reference:

Date (DD/MM/YYYY): (Must be pre-application submission)

Details of the pre-application advice received:

A pre-application consultation email was sent to the LPA on 04.12.12 introducing a number of existing sites, which are earmarked to be upgraded as part of the new CTIL initiative. This email included the option subject to this application, in which it was said that minimal changes were proposed.
An application was submitted on 22/03/13 for the removal of the existing 14.8m high monopole with 3no. antennas within a GRP shroud and replacing it with a 15m high Elara pole with 3no. antennas within a GRP shroud (relocated approximately 1.5m). Installing 2no. equipment cabinets and ancillary development. This was approved 31/05/13 (2013/1786/P).
Since the planning decision was issued, a change was necessary to the antenna requirement where a double shroud was required instead of the approved single shroud. An email was sent to Neil Quinn on 10/02/14 enquiring as to whether the minor change could be dealt with as a minor amendment. The following response was received on 10/03/14;
"Apologies for the delay in getting back to you. I have now spoken to my manager and he has advised that it would be likely that the proposal would require a further application, although formal advice would require you to submit a payable pre-application enquiry"
An application was submitted March and was approved 16/05/14 (2014/2216/P).
Subsequently due to underground services, the pole has to be relocated to the rear of the footpath. Taking into consideration the feedback from previous pre application consultation it was decided to progress this application and seek the LPA's formal determination.

5. Telecommunications Apparatus

Please specify the type of apparatus to be installed or altered (e.g. call box, mast):

Relocation of previously approved 15m high dual stack Elara pole with 6no. antennas within a GRP shroud (relocated approximately 8m) and ancillary development (further to applications 2013/1786/P and 2014/2216/P)

Please provide further details of the apparatus (e.g. height, size, colour etc):

Elara Double Shroud Pole - 15m - coloured black - pole diameter 324mm - shroud diameter 540mm.

Are you replacing an existing installation? Yes No

Please provide further details of the existing apparatus (e.g. height, size, colour etc):

14.8m high monopole - coloured black

Are you submitting a declaration confirming that the apparatus is in full compliance with the requirements of the radio frequency (RF) public exposure guidelines of the International Commission on Non-Ionizing Radiation Protection (ICNIRP)?
The emissions from all mobile phone network operators' equipment on the site must be taken into account when determining compliance.

Yes No

6. Supplementary Information

Are you also providing a completed Supplementary Information Template (as set out in Annex F of the Code of Best Practice on Mobile Phone Network Development)?

Yes No

7. Neighbour and Community Consultation

Have you consulted your neighbours or the local community about the proposal?

Yes No

If Yes, please provide details:

A pre-application consultation email was sent to the ward councillors on 04.12.12 introducing a number of existing sites, which are earmarked to be upgraded as part of the new CTIL initiative. This email included the option subject to this application, in which it was said that minimal changes were proposed. To date no comments have been received.

8. Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

Yes No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact? (Please select only one)

The agent The applicant Other person
