Dear Sir/Madam,

Re: Requesting change of use for part of GND F 100 Queens Crescent NW5

Please find attached planning application form, certificate B and notice to the owner. I believe that I have fulfilled all planning permission requirements.

The proposal involves changing the use of the part of the shop to be converted to a studio flat. The flat will have one bedroom, a kitchen, a toilet with shower and a storeroom.

In total the space is 32m2 fit for one person residential flat. The flat will have enough ventilation, windows, natural light and enough space for living.

If you require more information please do contact me.

Kind Regards,

Ahmed Salim
