

Appendix 7.5 Summary Aquatic Macrophyte Data for the Hampstead and Highgate Pond Chains for Surveys Undertaken in July 2013 within 2km of the Site

Pond name	Total number of species*	Number of submerged species	Number of emergent / marginal species	Number of floating leaved species	Number and names of uncommon species
Hampstead Pond Chain					
Vale of Health Pond	16	4	10	2	2: White water-lily (<i>Nymphaea alba</i>); rigid hornwort (<i>Ceratophyllum demersum</i>)
Viaduct Pond	15	3	9	3	3: Greater duckweed (<i>Spirodela polyrhiza</i>); yellow water-lily (<i>Nuphar lutea</i>); stonewort species (<i>Chara</i> sp.)
Mixed Bathing Pond	5	1	3	1	2: Lesser pondweed (<i>Potamogeton pusillus</i>); yellow water-lily
Hampstead No.2 Pond	14	3	10	1	2: Horned pondweed (<i>Zannichellia palustris</i>); rigid hornwort
Hampstead No.1 Pond	18	2	14	2	4: White water-lily, rigid hornwort; common club-rush (<i>Schoenoplectus lacustris</i>); horned pondweed
Total number across pond chain	31	6	21	4	6
Highgate Pond Chain					
Stock Pond	16	2	11	3	0
Kenwood Ladies' Bathing Pond	10	1	9	0	1: Yellow water-lily
Bird Sanctuary Pond	9	0	8	1	1: Brittlewort species (<i>Nitella</i> sp.)
Model Boating Pond	9	1	8	0	1: Greater duckweed
Highgate Men's Bathing Pond	15	0	14	1	3: Horned pondweed; lesser pondweed; stonewort species
Highgate No.1 Pond	8	3	5	0	3: Lesser pondweed, rigid hornwort, common club-rush
Total number across pond chain	33	7	23	3	7
