2014/3211/P	james baird	3 village mount perrins court london nw3 1qu	24/06/2014 19:00:47	OBJ	We have owned our flat in the residential block to the north of the proposed development for over 20 years and the open outlook with the sun and light is very important to us. We fully understand the pressures on the Council to provide more housing sites but significantly affecting the amenity of so many homes to provide only a tiny flat but a huge profit for the owner seems fundamentally wrong. Perrins Court is a very attractive lane in Hampstead and the development on which this flat is proposed to be built was permitted and built in a relatively sympathetic manner. To increase the height would be extremely intrusive and destructive to the nature of the area
