2014/3536/T	N Mayo	12A Hollycroft Avenue NW3 7QL	05/06/2014 11:14:06	OBJ	Mass tree felling is entirely inappropriate and hugely damaging in this conservation area, where trees are absolutely key to its character. They also provide invaluable habitat for birds and insects. These fir trees of considerable value to wildlife as habitat and also for bat foraging. The trees should instead be the subject of TPOs.
