2014/3258/P	Ms Jacqui. Shelley	15 North Villas Camden NW19BJ	22/06/2014 09:49:24	OBJ	My property overlooks the proposed site. The plan to build an extra storey on top of 74 Camden Mews may be argued is similar to other structures on this side of the road. However having watched a similar structure go up at 78 Camden Mews and have seen the damage caused to 76 Camden Mews' during the works, I can only but imagine what will be in store for them when building works commences at 74 Camden Mews. There will be loss of light at 76 Camden Mews and encroachment as their terrace area - which is in constant use and is open planned - will become closed in by the height of the proposed wall and obstruct their view.
2014/3258/P	Rodney Harris	95A Camden Mews NW1 9BU	05/06/2014 18:44:59	SUPPRT	I wish to lend my support to this application.
2014/3258/P	Margaret Harvey	95 Camden Mews	02/06/2014 22:49:31	COMMNT	I live opposite Mr Llowarch in Camden Mews. He has consulted me on his application. I fully support his application.
2014/3258/P	Anne R Mullins OBE	77 Camden Mews Camden Town London NW1 9BU	05/06/2014 21:11:33	COMMNT	To whom it may concern, I am a neighbour of 74 Camden Mews living at 77 Camden Mews. I would like to support this planning application. The building is in need attention and renovation, and the proposed changes would make a huge difference to the property and it's appearance and position on the Mews, given it is opposite commercial buildings. The proposal would bring the building into line with similar residential adjoining buildings with no impact on adjoining properties, blocking no light or oversteering any other property. I believe it would add to the overall aesthetic of buildings on the Camden Mews and improve the conservation of the area.
2014/3258/P	Ali	12A north Villas camden NW1 9BJ London	15/06/2014 20:22:20	COMMNT	No 74 Camden Mews Want to build an extra storey on top their house. This will lead to loss of light, loss of privacy and a very ugly view. It could also set a precedent for further over development in the area. A major concern is also rising amongst the local's related to emergency services. The added story will make the back walls higher and will restrict access to the back of the houses on North villas from Camden mews.
