2014/2420/P	Isaac Julien	flat F Guilford Court 51 Guilford Street London WC1N 1ES	24/05/2014 14:12:46 INT		The application to change the windows is unnecessary. The majority of leaseholders in the block have replaced their windows according to an agreed design for which there is planning permission. It would be both inappropriate and unnecessary to have a different window design. it could encourage a free for all by leaseholders keen to change their design for minimal cost.
