2014/2235/P	David Reisman	SCHOOL OF HUMANITIES NANYANG TECHNOLOGICAL UNIVERSITY SINGAPORE	11/05/2014 08:03:16 WREP		I have submitted my comments directly to John Nicholls. I have requested that he should make them available for your deliberations. I am the owner of Flat 1, just above Flat 2. I am currently abroad for research. My tenant is Ms. M. Delaplagne who has raised concerns about excessive noise from the commercial activities being conducted in Flat 2. I am also worried about my own peace and quiet as an old-age pensioner when I complete my research and return home.
