2014/2624/P	Robert Livock	34 Raglan Street London NW5 3DA	06/05/2014 08:57:49	PETITNOBJ E	I am sorry that the proposal is out of scale and dominates the existing school and caretakers house. Boundary walls only need repairing so if they are to be rebuilt they should be built back from the pavement line to increase safety as the footpath is currently too narrow and obstructed for peak time traffic. I am not aware that the school consulted the community on its proposals and certainly Raglan Street was not. No private developer would be so indulged and it is deplorable. To benefit the local community a free water supply to the Raglan Street raised beds would be welcome as these areas are looked after by local volunteers.
