2014/2679/P	E. Abberton	Tavistock Square	06/05/2014 09:48:37	SUPC	I am very concerned about the proposed location of a bench in Tavistock Square Gardens: I am afraid that permanent visible damage will occur to the beautifully paved granite cobbles on which it is proposed to site a bench. Fixing to granite cobbles is NOT the same as fixing to tarmac or other surfaces. "Making good" when the bench is removed is hardly possible on granite cobbles. Please consider a different site on one of the paths in the garden.
